The company plans to import small quantities of the listed controlled substances for the manufacture of analytical reference standards and distribution to their research and forensic customers.

In reference to drug code 7360 the company plans to import a synthetic cannabidiol. No other activity for this drug code is authorized for this registration.

Placement of these drug codes onto the company's registration does not translate into automatic approval of subsequent permit applications to import controlled substances. Approval of permit applications will occur only when the registrant's business activity is consistent with what is authorized under 21 U.S.C. 952(a)(2). Authorization will not extend to the import of FDA approval or non-approved finished dosage forms for commercial sale.
